

Fusehive Basic License End User License Agreement (EULA)

This License in Plain Terms:

Effective Date is the date on which the licensed product is successfully downloaded to the Licensee's device.

DOs:

- Use in your games, videos, trailers, podcasts, music tracks, or other creative projects
- Edit and remix as needed
- Use without attribution (though we appreciate credit)

DON'Ts:

- Resell (unless you obtain our Extended License) or share the audio as sound/music libraries or stand-alone files
- Use in AI training or machine learning models (unless you obtain our AIML License)
- Upload the files to public repositories where others can access them

This Basic License is issued by Fusehive Interactive Media Ltd. ("Fusehive") to the purchaser ("you" or the "Licensee") of any royalty-free sound effects, music, voiceovers, or other digital audio content ("Licensed Products") sold through our store or authorized platforms.

By downloading and using any Licensed Product from Fusehive, you agree to the following terms:

1. What You Can Do (Rights Granted)

You are granted a non-exclusive, worldwide, royalty-free, and perpetual license to:

- Use the Licensed Products in commercial and non-commercial projects, including video games, mobile apps, films, YouTube videos, animations, trailers, podcasts, audiobooks, music productions, social media, and similar.
- Use the Licensed Products in music compositions, as part of a broader musical mix or arrangement. They must not be used as stand-alone tracks or sound elements.
- Modify, edit, remix, and combine the audio content with your own works.
- Use the Licensed Products in free or paid productions.
- Share or distribute your final creative works where the audio is embedded and not extractable (e.g., inside a game, video, or app).
- Use the Licensed Products without attribution (though credit is appreciated).

2. What You Cannot Do (Restrictions)

You may not:

- Resell (unless you obtain our Extended License), redistribute, or share the Licensed Products as stand-alone files, whether modified or not.
- Include the audio in sound or music libraries, sample packs, templates, or content intended for reuse (also included in our Extended License).
- Use the audio in any machine learning, AI training, or generative audio models (see our AIML License for that).
- Upload or expose the original files in public or shared environments where others can extract or download them.
- Claim authorship or copyright ownership of the original audio.
- Use the audio in any way that competes with Fusehive's original or derivative audio products.

3. Refund Policy for Digital Products

Due to the nature of digital products, all sales are final once a product has been downloaded. We cannot offer refunds for any audio product that has already been accessed, downloaded, or saved.

If you believe you made a mistaken purchase and have not yet downloaded the files from our official store, contact us immediately at hub@fusehive.com. We can check your download status and may offer a refund if no download has occurred.

4. Ownership and Intellectual Property

All Licensed Products remain the intellectual property of Fusehive Interactive Media Ltd. You are purchasing a license to use the audio, not ownership of the files themselves.

5. License Scope and Transferability

This license is granted to the original purchaser and is non-transferable. It may not be assigned, sublicensed, or shared with any other individual or organization without written permission from Fusehive.

Multiple Users: This license is valid for a single user. If multiple individuals (e.g., team members, collaborators, or employees) will be using the Licensed Products, a separate license is required for each user. To license for multiple users, please adjust the quantity in your cart to match the number of users before completing your purchase.

6. Liability and Indemnification

Fusehive provides all Licensed Products “as is” and makes no warranties of any kind. You agree to indemnify and hold Fusehive harmless from any claims or liabilities arising from your use of the Licensed Products.

7. License Verification

Fusehive reserves the right to request proof of license compliance in cases of suspected misuse or redistribution of its audio content.

8. Contact and Support

For questions, clarifications, or to request a custom or extended license, please contact us: hub@fusehive.com

Thank you for your purchase!
